*MUSIC KEEPS ME GOING LIKE NOTHING ELSE*

# Music is Passion, Romance and Fun All Together

*I've been singing for people since 1957. I got my first guitar in 1965 and I always feel at home where ever I have an audience to entertain.*

## **A little about my childhood.....**

Hi, I'm Daniel Coy. I currently live in Davenport FL. just South West of Orlando.

I was born in the Rio Grande Valley which is in the southern most part of the state of Texas. My talent for singing was discovered, by the music director, of the little church my family went, when I was only 4 years old. This lady taught me to sing and read music in English, German, French, Latin, Italian, and Spanish before I was six years old. By the time I was in the second grade I was performing regularly on local television and community events.

I stay involved with choir and band all through Elementary, Jr. and High Schools winning numerous awards and scholarship before going into the US Navy.

## **My twenties were really something...**

I auditioned and got into a band on the USS Forestal that was selected by the U.S.O. to represent the 6th Fleet in the Mediterranean and throughout Europe. The band toured for two and a half years, performing for USO events, Officers Clubs and dignitary parties. We were also featured in festivals and night clubs throughout the region.

I left the Navy after that and toured for many years covering most of the

Eastern U.S, Mid West, Canada and Mexico as a soloist. Along the way I went to college at a University in Southern Texas where I majored in music and voice..

## **The Music has never stopped.....**

Over the years I worked for a national Mexican Restaurant performing table side for 6 years. I went to Hawaii and worked in Waikiki and Pearl Ridge for 6 months. I've done tons of weddings as well as family reunions and Holiday celebrations and much, much more!
